

# ANGLO'S MONTHLY NEWSLETTER

March, 2026 / Vol. 018

## PRESCHOOL

This month in Preschool, from K1 to K3, was full of joy and learning! Our students enjoyed fun reading activities, got creative by making their own toys, and explored math in a dynamic and exciting way through our Math Circuit.

## ELEMENTARY

Our 4th, 5th, and 6th graders recently participated in their Composition Contest, where students truly shined with creativity and remarkable storytelling. We are confident that the results will be outstanding and we celebrate the effort each student put into their writing. Good luck to all our participants—we are so proud of you! Let your words take flight and your stories light the way!

## JUNIOR HIGH

The third-grade junior high school students presented a project about important topics from Ancient Greece. They explained the life and ideas of Plato, highlighting his role as a philosopher and his contributions to education and critical thinking.

Overall, the presentation showed the students' understanding of history through timelines, visuals, and teamwork.

## PREESCOLAR

### “Circuito Matemático”

Los alumnos de preescolar realizaron actividades organizadas en forma de recorrido donde los niños practicaron conceptos matemáticos de manera divertida y dinámica.

## SECUNDARIA

Concurso de Rondas Culturales de la zona XX, por el día internacional de la mujer. En donde se representaron logros y triunfos de mujeres en el mundo.

Se tuvo la participación relevante de las alumnas de los tres grados. Con orgullo felicitamos a la alumna **Renata Ramírez Plasencia** por haber obtenido el segundo lugar entre muchas participantes.

## PRIMARIA

Los alumnos de tercer grado participaron en la elaboración de maquetas sobre el patrimonio cultural de México, fortaleciendo su conocimiento, creatividad y el valor por preservar nuestras tradiciones.

La primavera nos recuerda que siempre es posible florecer, crecer y comenzar de nuevo. Que esta temporada llene tu vida de color, alegría y nuevos sueños
